Dear Judge

The lock down continues. Since ~~before~~ Christmas we've been locked in cells. I included copies of "Inmate Notifications" to prove my point.

On Dec 24 2021 a serious stabbing. Somehow a staff assault took place on January 18 2022 while were still locked down from the Dec 24 2021 incident. Now Jan 31 2022 while still on lock down someone somewhere in the BOP was killed.

I can't do anything locked in a cell with no law library access, phone or emails. I'm requesting more time

**NOTICE TO THE INMATE POPULATION**

Effective Monday, January 31, 2022, you were secured in your assigned cells/quarters for precautionary reasons due to a significant incident occurring within one of our institutions. These measures are necessary for the Agency to maintain the secure and orderly running of our institutions, as well as to ensure the continued safety of staff, inmates, and the public.

I understand this action is frustrating for all of you. This decision directly impacts each of you, as well as your friends and family; however, we anticipate we will return to prior operations as soon as possible.
